EN40

Truncated conical Pole manufactured in one piece from hot-dip galvanized S-235 JR steel. Total Pole height: from 3 to 12 meters, with a top end for TOP Ø60 fixing and a 12.5% taper. The base incorporates a reinforcing ring and 4 gussets, which provide greater rigidity and stability. Prepared for fixing to the ground with 4 bolts.

Optional:

- Anti-urine treatment at the base.
- Finished in RAL paint of your choice.
