

Swing Seat Adapted

JKSP02D

6+

Inclusive swing seat with safety restraint system designed according to EN 1176-2 standards. It is recommended that the user is accompanied by an adult.

Materials:

Structure, PE: low density polyethylene. Due to its light elastic nature, it offers high resistance to impact, making it very difficult to break. The uniformity of colours in both edges and sides gives it a continuous even finish. Its synthetic base prevents the appearance of bacteria, fungus and lichen. Colour Grey.

It includes stainless steel suspension chains, for installation in all types of swings that comply with the reference regulations. Drain hole designed to prevent water stagnation.

Maximum weight: 120 kg

Users: 1

- None of the materials requires a specific treatment for its disposal.
- If the product is subject to severe use, maintenance should be increased.
- Don't use the product before the installation/maintenance is ready.
- Please check the maintenance instructions.

Ground anchoring screws not included.
