SYLVESTRIS designer chair, overall dimensions (length x height x depth): 780 x 885 x 620 mm, manufactured with tubular iron legs finished in black and laminated pine wood planks treated in an autoclave using a class 4 vacuum-pressure system for comprehensive protection; its design stands out for the visual continuity of the planks and the structural lightness of its metal supports, providing a contemporary and distinctive aesthetic that combines natural warmth and technical robustness, also being prepared for anchoring by means of M10 expansion bolts according to the surface and requirements of the project.

We offer the possibility to customize the product through personalized marking to enhance your corporate image:

- 74 x 35 mm aluminum plate with screen printing.
- Board machined by milling.
